We can help you OUT!

Our mission...

is to make Nova Scotia a safer, healthier, and happier place for lesbian, gay, and bisexual youth through support, education, advocacy, self-empowerment, resource expansion and community development.

The Youth Project...

has been serving the needs of Nova Scotian lesbian, gay and bisexual youth, 25 and under, since 1993.

We are a youth-directed environment. Youth members have decision making control over the direction and action of the organization. Youth can be involved as much or as little as desired and can come for support, to socialize or to lead a workshop.

We promote and nurture an environment that is appreciative of youth from all races, genders, abilities, and socioeconomic backgrounds.

All activities and events are drug and alcohol free.

Confidentiality assured.

You are not alone

Realizing that you may be lesbian, gay or bisexual is difficult.

It can be even harder to share those feelings with the people in your life.

Talking to someone who understands your feelings and attractions can help.

There is nothing wrong with you! Being lesbian, gay, or bisexual may not put you in the majority but it is normal and natural.

You are not the only one! There are many others in your school and in your community who are also lesbian, gay, or bisexual.

Lesbian, gay, and bisexual people are just as diverse as heterosexual people. You don't have to fit somebody else's image. You can just be yourself.
